

Cayuse Canter

2016

Come ride with us through the beautiful Ganaraska Forest

May 22 & 23, 2016

This flyer is specifically for the rider new to competitive distance riding.

The purpose of this flyer is to invite new riders for the 12 mile (19 km) Set Speed events being held at the Cayuse Canter 2016. These short set speed events are being held on both May 22 and May 23. We are recommending that anyone wanting to ride for the first time come to the May 23 (Monday) event as it will have features specific for the “newbies”.

Our goal is for all new riders to “Have Fun” and feel comfortable on their first competitive ride.

What is Set Speed? At the introductory level, or bronze level, the 12 mile set speed event is a trail ride with minimum and maximum speeds, 4 mph and 7 mph respectively. These shorter rides are “graded” in that there are categories Grade 1 through Grade 5, depending on the total ride time and pulse rate of the horse taken at 30 minutes after completion.

The riders leave the start in pairs and follow marked trails. The course will be two identical 6 mile loops with a vet check and short rest period after the first loop.

The trails will be a mixture of double track trail, single track trail and a small length of paved road.

Camping is in an open field, so no high tie lines possible. The field is totally secured at night.

There will be time the morning of the ride for pre-ride preparation, including vetting, for those arriving day of the ride.

Mandatory requirements;

- Coggins test within 12 months

- Helmets must be worn at all times when mounted

- Liability Insurance (e.g. OEF, Intercity)

Here is a summary of the major steps for those who have not been involved in this sport before:

1. Arrive at ride site – 805 Carmel Line, Millbrook (see directions below)
2. Look after your horse – feed, water, accommodation, etc.
3. Register – if you have pre-registered, your packet will be waiting for you. If you have not, it will take a couple minutes to prepare it.
4. Pick an Out Time and record on the sheet.
5. Present your horse to the vets with your vet card. Your horse will be pre-ride checked for basic metabolics and gaits. You should practice trotting out your horse in a straight line for thirty meters or so and train him/her to stand quietly for the vets to poke and prod.
6. Go to the Ride Talk. It will be held just before the first riders go out.
7. Show up at the Start Line a few minutes before your Out Time.

Ride Managers: Bob Coleman (arabians@cayusecreekranch.com) (705 932 2314)
 Chrystal Woodhouse (chrystal@aadomino.com) (705-932-2839)
